Items that are not accepted as recyclables will be left in your recycling bin and should be disposed of with your household garbage.

The recyclable items can be together and unsorted in the recycling bin. Cardboard items should be broken down (flattened) and placed in or under the recycle bin.

This program is designed to make it easy for everyone to recycle. If you are now recycling some materials with a charitable group or other organization, feel free to continue with that practice, but recycle all other materials with us.

Thank you for your concern and cooperation! If you have any questions or comments regarding this program, please contact City Hall.
