The Best of Wisconsin can be found downtown In the spring of 2017, Cuba City was honored with the Wisconsin Main Street Award in recognition of its revitalization efforts. Here you will find clean, well kept streets lined by

thriving storefront businesses. Plenty of trees and new retro-fashioned street lighting help make our downtown welcoming and attractive.

The City of Presidents The parade of Presidents was established in 1976 as a part of the Nation's Bicentennial Celebration, and remains one of the few ongoing activities from that period. The Presidential Shields lining Main Street commemorate each of the 45 leaders of the Free World. Downtown you will find the Presidential Caboose and Visitor Center, which is open seasonally. The caboose contains mementos of the City's history with an acknowledgment of the City's railroad history.

Farm to Table Retailers “Made Fresh — Made Local” Visit our oldest and most successful retail operations. **Weber’s Processing Plant & Retail Store** opened in 1905 as a small butcher shop. From handcrafted ham and bacon, slow smoked the old fashioned way, to aged hand cut steaks, Weber’s has garnered over **500 State & National Awards**.

Gile Cheese is an Award Winning Cheese Factory producing hand-crafted cheeses since 1946 with third and fourth generation cheese makers. Milk is sourced from a single local dairy farm. Gile has been selected as **“Grant County’s Top Cheese Store”** for 12 years in a row and was recently selected as Cuba City’s #1 destination.
